

PROF. CHAS. SCAN-
LON TO LECTURE

At The Tabernacle in Madison-
ville on Sunday Next at
2:30 and 7:30 p. m.

A RARE TREAT FOR
ALL WHO HEAR HIM

Prof. Scanlon himself is a man to inspire one with optimism. He is not that once-common paradox or intemperate temperance advocate. In movement and in speech, except when in a glow of earnestness upon the platform, he is moderation itself. There is nothing of the wild-eyed reformer about those genial, light-blue eyes, which glow with a hint of frankness and simplicity. Tall, large, looking to be a son of the Northwest, whence he hails, although West Virginia was the State of his nativity, Prof. Scanlon bears with him the direct, open ways of the West. There is nothing professional about him; a "cause," is not written on his manner or speech. He would, at first glance, be said to be at home in the professor's chair in Macalester College, Minn., which he relinquished to enter this work, rather than the temperance platform. Yet it was deep personal interest in temperance which led him, by the familiar evolutionary process, out of the quieter ways of scholastic life into the hurly-burly of reform work, where, it must be said, he acquits himself in knightly fashion.—Philadelphia Press.

DISASTROUS FIRE AT PEMBROKE
Five of the Leading Stores Destroyed—
Much Loss Sustained

A defective flue in the store of B. J. Garnett, of Pembroke, caused a most disastrous fire Sunday. Five of the leading business houses were destroyed. They were: H. C. Whitlow & Brothers, grocery, McCauley Hardware Co., S. A. Powell, dry goods, M. L. Levy, grocery, and B. J. Garnett, dry goods. All the buildings were insured, but not to their full value. This is the third big fire in Pembroke within the last few years.

Several citizens were hurt, as some gas accumulated in one of the buildings and exploded, breaking out the windows and blowing one man across the street. Other buildings were damaged by the fire. It was thought for some time the whole business section would be burned, but the heroic efforts of the bucket brigade proved successful.

Normal Temperature Promised This
Week

Washington, Jan. 14.—Relief from the intense cold which has prevailed in all sections of the country during the past few days is promised during the coming week.

"The general pressure distribution, as shown by the weather map of the Northern Hemisphere during the last several days," says a bulletin issued tonight by the Weather Bureau, "is such as to indicate a general reaction to normal temperature conditions over the Eastern half of the country by the middle of the week and to temperature above the seasonal average in the Western district throughout the week."

"The week will be one of generally fair weather east of the Rocky Mountains, except that a short period of rain in Southern and snow in Northern States, will attend a disturbance which will appear in the Northwest Tuesday, cross the Middle West Wednesday or Thursday and the Eastern State about Friday. Precipitation will be above the normal in the North Pacific States."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Story of Chicago Physician.

A prominent physician tells this story: A poor woman went to a near-by dispensary to ask aid for her little son who had one of his fingers smashed with a baseball bat. At the first room where she applied a curt attendant told her that the boy could not be treated there. "Wrong place," he explained, "this is the eye and the ear department." "Vere is der thumb and finger department?" inquired the woman, simply.

BRONCHITIS

To Whom It May Concern
Bluevale, Ont., May 4, 1910—"I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health, and I had to give up work. Vinol was recommended, and from the second bottle I commenced to improve. I gained in weight and strength, my bronchial trouble disappeared, and I am at work again."

It is the combined action of the curative elements of the cods' livers, aided by the blood-making and strength-creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis. Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles—not a palliative like cough syrups.

Try Vinol. If you don't think it helps you, we will return your money.

The bride dressed in a beautiful white messaline satin with silk fringe, leaning on the arm of the groom dressed in black broadcloth, marched in to the strains of sweet music played by Mrs. J. W. Bell.

After the ceremony, orange sherbet and cake were served to nearly one hundred friends. Miss Brown's father and mother, Mr. and Mrs. Larkin Brown, of Columbus, Tenn., were present.

Many handsome and valuable presents were received by the newly married couple. Everyone wishes the happy pair much joy in their married life.

SYSTEM WORKS WELL

SHOWING VALUE OF HOUSEKEEPERS' PENCIL AND PAD.

Hours of Searching Saved When All Things Are Enumerated as They Are Put Away—Family's Whereabouts Accounted For.

It was when making a visit that I learned how pencils may simplify housekeeping. My friend took me first to her storeroom, at the top of the house, where were many trunks, boxes and packages. Each one bore a paper or card on which was written a list of its contents. "You see," I never have to spend any time looking for anything," she said, "because whenever an article is put away the fact is noted on the box or package. When anything is taken out it is crossed off from the list. A pencil and tablet on the door make this work of an instant, and thus I save myself hours of searching."

We went to the rooms of the various members of the household, and on each closet door hung a pencil and tablet. "So far as possible I have the possessions of each member stored in his closet," said my friend, "but when this is not possible I note the fact on the back of the tablet, telling where each article may be found. One year I was taken sick in the autumn just when winter clothes were needed, and, thanks to this method, the family were able to find their heavy coats, gloves, caps, etc., without ever once coming to me."

Hall closets were treated in the same way. In the kitchen there was a tablet and pencil, on which to write a list of articles needed, another on which were written the menus for the three meals of the day, while a drawer of alphabetically arranged cards contained recipes. "Before I thought of this system," said my friend, "I was often annoyed by not seeing on the table dishes which I thought I had ordered, and sometimes my cook and I had differences of opinion as to which of us had forgotten. Now there is never any trouble. And now I must show you one thing more."

This proved to be a tablet in the hall on which the various members of the family wrote when they went out. Here I read: "L—At dentist's; home at 8 p. m." "G—Shopping; back for lunch." "It's such a help to the maid," was her comment, and I knew without her telling me, how much running up and down stairs it saved.

It is needless to say that I adopted her system at once, and I cannot say how many times in the years that have passed I have thanked my friend for showing me the value of a housekeeper's pencil.—Exchange.

Onion Soup.

Put six ounces of butter in a large saucepan over the fire and stir into it four large white onions, cut up, not sliced. Stew this slowly for one hour, stirring frequently to prevent its scorching. Add salt, pepper, cayenne and about one quart of stock, and cook one hour longer. Then stir into the mixture one and a half cups of milk and simmer for a few minutes. Have ready a soup tureen. In it beat the yolks of four eggs, with two table-spoons of grated parmesan cheese. Stir the hot soup into this, beating until it thickens a little. A slice of toasted French bread should be placed in each plate and the soup poured over it.

Fairy Loaf.

Four eggs, beaten separately; one and a fourth cups sugar; half a cup of butter; half a cup of sweet milk; two and a half cups of flour; one teaspoon cream of tartar; scant half a teaspoon soda; flavor to taste. Sift flour, then measure; add soda and sift three times. Cream butter and sugar lightly. Beat yolks to stiff froth and stir in. Whip whites to a foam; add cream of tartar and whip stiff. Add milk, whites of eggs and flour. Stir hard. Bake in a moderate oven about 30 minutes.

Cabbage With Fried Onions.

Cut the cabbage in fine shreds and put it, dripping hot, in a kettle with one tablespoonful of butter or oil. Season with salt and cayenne pepper to taste. Cover closely and let it cook a small time. Fry in one table-spoonful of lard or oil. When slightly browned, add the cabbage and fry both together a fine golden brown.

Chinese Dressing.

Yolks of two eggs, one tablespoonful each of salt, sugar, celery salt and mustard, a pinch of cayenne pepper, and small piece of butter. Mix smooth and add one-half cup of cream, either sweet or sour, and one cup of vinegar. Thicken in a double boiler and stir until removed from the fire. This will keep in a cool place for several weeks.

Fruit Eclair.

These are made in the same way as ordinary eclairs, only the inside filling is of some small fruit, with a spoonful of whipped cream on top, added before placing the top on. This is a convenient mode of serving fruit for parties when ease of serving is a consideration. They are very dainty.

Mocha Frosting.

One-half cup butter, (unsalted is best). Cream this into one and one-half cups confectioners' sugar. Or the butter may be melted and poured in. Add two table-spoons strong coffee, two scant table-spoons cocoa, one table-spoon of vanilla.
